Founded in 2017, Velcode Solutions Pvt Ltd is a Managed Service Provider (MSP) company dedicated to providing superior quality IT service to a wide range of businesses. We focus on delivering high value to clients through integrated, reliable, responsive and cost-effective solutions. We have been a trusted partner to several small, medium and large companies, enabling businesses to overcome critical business challenges. Velcode Solutions Pvt Ltd offers a comprehensive portfolio comprising end-user services, cloud, infrastructure, cybersecurity, software development services, IT consulting and more. We hold profound experience and expertise in providing solutions for complex IT implementation projects and integrating emerging technologies in a dynamic environment. Our cutting-edge services made us a seamless extension of our clients. With our dynamic, scalable, resilient and responsive offerings, we ensure rapid growth and high value for our clients.

Velcode Solutions delivers a wide range of world-class Managed IT services and products all designed to provide technology solutions that will protect your business. We focus on helping businesses reduce capital expense, increase network efficiency all while eliminating their risks and providing higher quality service levels. Whether you have 10, 25 or 100s of employees, we will deliver fast and effective IT support that will optimize your systems and reduce downtime. We are here to facilitate the day-to-day running of your business by managing your computing, internet and IT concerns so that you can focus on your core business.
