Wanhao PTFE Membrane

PTFE is a Teflon-coated woven fiberglass membrane.

We are [PTFE membrane supplier](#), [membrane structure supplier](#)

Features and benefits of [facade system PTFE Membrane](#)

High transparency, Light-weight, Superior tear strength, Nonflammable, Self-cleaning, UV radiation, Long-term exposure to weather, Long life of expectancy. Because of long lasting, PTFE membrane also called [Wanhao permanent architecture materials](#). [Wanhao PTFE membrane](#) can make different modeling, widely accepted and used by architects.

We provide [tensile structure installation China](#), [tensile structure design](#), [PVDF Membrane design](#)

[Wanhao PTFE membrane](#) applications range

[PTFE membrane](#) widely used in large public facilities, Commercial facilities, such as airport, stadium, high speed rail station, landscape facilities roofing system and facade system.

PTFE Performance

Code name	GT	GS
Base material	FIBERGLASS	FIBERGLASS
Coating	PTFE	SILICONE
Surface course		
Self-cleaning	EXCELLENT	GOOD
Durable years	MORE THAN 25YEARS	MORE THAN 25YEARS
Reflectivity☐%☐	70~80	70~80

Luminousness [%] 8~18

8~18

Fire resistance NONFLAMMABLE

NONFLAMMABLE
