Wow your guests with our elegantly designed wedding invitation videos!

We at The Wedding Card Co., have thoughtfully created our wedding card videos with elegant music and gentle movements, keeping the invitation sophisticated across design styles.

You can choose your ideal online wedding invitation video from a variety of designs, one that reflects your personal style and captures the essence of your wedding functions. We have beautiful pastel and vibrant floral designs as well as rich traditional designs – all designed elegantly to suit your personal style.

Our animated wedding invitation videos have been structured smartly allowing you to add pages depending on the number of functions that you have. Even better, you can take various combinations of your wedding E-Card video in case certain guests are invited only to select functions.

Your wedding invitation is the first peak your guests have into your upcoming wedding and video eCards add that extra touch of wow, bringing the celebratory feeling among guests and getting them excited for the wedding fun that lies ahead.

The order process is simple too! Simply choose a design you like, share your text for each function page you have chosen and we do the rest. We begin by sharing a mockup with your wording placed in. Once approved, we create your wedding eCard video, add beautiful music to complement the chosen design and share it with you.

For assistance on writing your wedding text, visit our invitation wording page to access wording templates for various functions.

We understand the need for you to see full videos of eCards of various designs in order to choose one that you love. We have placed the complete video of each design in our collection so that you get a feel of the video and the music before placing the order. Simply select a design and press the play button and watch the video. You can even share videos with your friends and family by clicking the share button and have your loved ones browse your shortlisted designs as well. It is the most convenient way to get your online wedding invitation video.
