In the era of globalization, world trade is growing and henceforth, manufacturing and import/export businesses are also growing. Regardless of what position you deal with, you are an importer, trader, supplier, or most of all a manufacturer, there is some liability of compliance & regulatory requirements that need to be fulfilled before introducing any kind of products in the market.

Bureau of Indian Standards (bis) is a statutory body governed by the Bureau of Indian standards act, 2016. Bis works to plan and prescribe standardization for goods and services. Bis is identified as the national standard body of India and is regulated by the ministry of consumer affairs, food and public distribution, and the government of India. Bis registration is compulsory for products that impact the health and safety of consumers. Thus, it is necessary to get registered under bis registration still worried about these questions aleph India will provide each detail about BIS.
