Woodpaker is committed to doing our part in ensuring the supply of safe and sanitary pallets for the use of our customers, and we can produce heat-treated pallets in large numbers as necessary. If your company needs heat-treated pallets in whatever numbers, contact us so that we may explore how we can work together to satisfy this demand.

Established in May 1998 at Vapi (Gujarat), India, WOOD PAKER (WP) is an ISO 9001:2015 certified manufacturer and supplier of wood packaging materials. It has an Intergovernmental Panel on Climate Change (IPCC) recognized production facility and in-house FHAT plant that complies with the ISPM15 norms for exports and a SAWMILL licensed by the FOREST department.

Heat-treated pallet, Edge protector, Euro Pallet, Corrugated box , Pinewood, Plywood, country wood
